

## Highway Superintendent Monthly Report

### **Highway Superintendent Report: 02/19/2019 \* Larry White**

Most of our time has been on plowing and sanding and dealing with freezing rain. Our salt use is up approximately 100 ton so far compared to the full winters of the past years.

We have 1 truck in Watertown for manifold gaskets and re-programming and 1 down in the shop for in house repair of bell housing and motor mounts.

We will be getting quotes for the replacement of the backhoe for your review.

Another item we feel should be looked at is a bucket truck to deal with problem trees.

It has been a busy month with plenty of overtime and I thank the men for a job well done.
