

Highway Superintendent Monthly Report

Highway Superintendent Report: 05/21/2019 * Larry White

Our spring cleanup is completed.

We have cut trees on the Forbes, Blackmer and Boyd Pond roads and cut brush back on the McCarthy road.

On the Ritz road we cut out the road and added to the base and re-graveled it. The road broke through this spring due to heavy equipment use.

We have graded and added gravel to all gravel roads as needed.

We have repaired the driveway and trimmed trees at the South Russell cemetery.

On the Burnell road we removed several trees, blasted 3 areas, widened shoulders, added gravel and replaced 3 pipe crossings and 1 driveway and installed 200 ft drainage tile.

We have installed drainage tile on Mill Street and Maiden Lane and added gravel through wet sections and built up the intersections with Pestle Street. We replaced 1 road crossing pipe and 3 driveways.

We will have our CHIP's projects ready well ahead on our scheduled paving.

This has been a busy and very productive month and I thank the men for a job well done.
