

## Highway Superintendent Monthly Report

### **Highway Superintendent Report: 10/18/2022: Richard Meilleur**

We have been busy cutting brush and dead trees on the Cassidy, Pestle Street and Hill roads.

We have put down 304 inches of crushed gravel on 9 tenths of a mile of the North Woods Road per agreement with NYPA. Also, we paved 4 tenths of a mile on Lazy River Road which started at the Hermon Town Line and went to the construction entrance for the power line.

We have cut shoulders on the Marshville Road.

We picked up the new insert sander that we ordered.

All the trucks have been serviced and are ready for winter. We have harnessed up one truck and we have replaced sprockets and chains on all sanders that needed to be replaced. We will be harnessing up the rest of the trucks this month.

I placed an order for 75 tons of salt; that should get us to the 1<sup>st</sup> of the year with what we had left over from last spring.

We have gone to five (5) 8 hour days Monday thru Friday 7:00 am to 3:30 pm.

I would also like to thank the men for another safe and productive month.
